**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a consumer, competition is everything. It keeps product quality high and prices relatively competitive, allowing consumers to choose from a variety of options. Taking away broadband competition would be absolutely devastating to our market and consumer access to a necessity. You would be destroying everything that makes this capitalist economy great...giving any company a chance to enter any market, regardless of their lobbying power.
